

WISA QUARTERLY MEETING
Anaerobic and Sludge Processes Division –
A Specialist Division of the Water Institute of South Africa
Are You Wasting Your Assets and Destroying the Environment?
Turning Waste into Profit

Date:	27 August 2008
Time:	12:00 – 15:30
Venue:	Gauteng

Background

Global warming and climate change has resulted in an increased focus on cleaner technologies and beneficial use of wastes generated by various industrial and municipal waste water treatment processes. Generators of waste streams and sludge seek best operating practices that are cost-effective and provide opportunities for beneficial use of waste products and Clean Development Mechanisms. During this exciting programme we will have presentations from leaders in the field anaerobic digestion, CDM, beneficial and economical use of waste products and new developments in mechanical sludge dewatering.

Programme

12:00 – 12:30	Registration, Tea/coffee and refreshments for all delegates at Conference Venue
12:30 – 12:45	Opening and Welcome – B. Nel (Yay Us Consulting Services)
12:45 – 14:05	Anaerobic Digesters – Where do They Fit into Climate Change? – G. Borain (Umgeni Water)
14:05 – 14:30	Clean Development Mechanism (CDM) – What Can it Mean for You? - ERM
14:30 – 14:55	Processing of Inorganic Sludge into Water Treatment Chemicals from Industrial Waters. Prof J. Maree (Rand Water Chair in Water Utilisation - TUT)
14:55 – 15:20	Mechanical Sludge Dewatering Equipment – New Developments – Tecrover (Pty) Ltd
15:20 – 15:30	Summary and Close

Due to the generous sponsorship of WISA and Tecrover there is no fee, however you are requested to register by no later than 22 August 2008 for catering purposes.

Registration

Registration closes on **22 August 2008 at 16:00**. To register please e-mail the following details to **Elize Mare** at elizem@mogalecity.gov.za or fax **011 693 3910** and quote: “**Register 270808 quarterly meeting**” in the subject line

- Title, initials and surname
- Affiliation
- Telephone number
- Mobile phone number
- Fax number
- Email address

The ASP will confirm your registration with a return e-mail including the venue details and directions.
