

Title	First name	Surname	Org	Title	Acceptance
Ms	Folasade Esther	Adeyemo	Tshwane University of Technology	Effectiveness of various home water treatment devices for the removal of viral indicator from ground and surface	Oral
Ms	Betty	Aiiba	National Water & Sewerage Corporation	The role of stakeholders in combating water pollution: case of Kampala, Uganda	Poster
Mr	Kondja	Amutenya	University of Botswana - HOORC	Effects of habitat partitioning on growth of two Tilapia Species from Okavango Delta, Botswana	Poster
Miss	Ashmita	Arjoon	University of KwaZulu Natal	Bioremediation strategies for effective removal of 1,2-dichloroethane from polluted water co-contaminated with	Poster
Mr	Akwasi	Asamoah	Kwame Nkrumah Univ of S&T	Transboundary groundwater management conflict: challenges and opportunities to water security	Poster
Ms	Faye	Balfour	Jeffares & Green	Water services development planning - compliance or competence?	Oral
Dr	Riccardo	Bigoni	University of Brescia: CeTamb	Solar Thermal disinfection of drinking water for developing countries using parabolic trough concentrator	Poster
Mr	Moses	Bilabi	MEMIDU	Sustainable, affordable, effective and innovative approaches to improved water and sanitation access in	Poster
Ms	Kerry	Bobbins	Rhodes University, Dept of Geography	Developing a conceptual framework to describe the functioning of semi-arid alluvial fans in the Baviaanskloof Valley,	Poster
Dr	Tom	Bond	University of KwaZulu-Natal: Dept Chem Eng	A stoichiometric tool to predict methane generation from anaerobic codigestion of multiple substrates	Oral
Mr	Thabo	Brooms John	Vaal University of Technology, Chem Dept	Nanofiltration (NF) membranes for rejection of nickel (Ni), copper (Cu) and Palladium (Pd) mineral ions from	Poster
Ms	Lisa	Burke	CSIR	Parameters affecting biological regeneration of ferric iron solution during acid mine drainage treatment	Poster
	Simphiwe	Chabalala	University of Pretoria	Modelling U(VI) Reduction by <i>Enterobacter cloacae</i>	Poster
Ms	Ching-Chiao	Chang	University of Cape Town, Dept Civil Eng	Optimal reliability based design of bulk water supply systems	Poster
Ms	Kononani Nomsa	Chikobi	Rand Water : Water Technology Training	Data warehouse of symmetry laboratory information management system and laboratory information management	Poster
Ms	Salome	Chiloane	Rand Water : Water Technology Training	The treatment of potable water sludge at Rand Water	Poster
Mr	Nisbert	Chimboza	Umvoto Africa (GIS Technician)	Time series analysis using normalised differential vegetation indices for monitoring groundwater dependent	Oral
Mr	Tavengwa	Chitata	Midlands State University	Surface water resources, a tool for poverty alleviation in semi-arid Zimbabwe: insight and challenges	Poster
Mr	Tlou	Chokwe	Rand Water : Water Technology Training	Alkylphenol ethoxylates and brominated flame retardants in Vaal River: a study of pre-concentration and	Poster
Ms	Andriette	Combrinck	BKS (Pty) Ltd	Assessment of the ultimate potential and future marginal cost of water resources in South Africa	Poster
Mr	Frank	Couvelis	University of Cape Town	Apparent water loss due to consumer meter inaccuracies in selected areas of South Africa	Poster
Mr	Gwarena	Dambudzo	Johannesburg Water (Pty) Ltd	Trenchless construction technologies - a panacea to construction challenges in built-up areas or a direct threat to job	Poster
Ms	Debbie	de Jager	Cape Peninsula University of Technology	Membrane bioreactor application within the treatment of high-strength textile effluent	Poster
Mr	Arno	de Klerk	CSIR	A baseline study of the Mokololo and Lephalala Rivers in the Waterberg area	Poster
Mr	Gabriel	de Ridder	University of Pretoria, Dept Med Virology	Amplification controls for the real-time RT-PCR analysis of noroviruses in water - which is best?	Poster
Mr	Philip	de Souza	Emanti Management (Pty) Ltd	Harnessing of vulnerability assessments to guide sustainable water service delivery by local government	Poster
Ms	Nashia	Deepnarain	Durban University of Technology, Inst for Water & Wastewater	Profiling of dominant filamentous bacteria in a full-scale wastewater treatment plant	Poster
Mr	Michael	Dickens	Buckman Africa	Buckman Africa's water recovery project	Poster
Mr	Mathys	Dippenaar	University of Pretoria	Between surface and groundwater: considering the pathway	Poster
Mr	Sisekelo Peter	Dlamini	University of Johannesburg	Removal of natural organic matter from South African raw waters by enhanced coagulation	Oral
Ms	Meagan	Donnelly	Rand Water : Water Technology Training	Modelling of monochloramine decay in a large drinking water distribution system	Oral
Ms	Linda	Downsborough	CSIR	Exploring the logic of complexity for researching social ecological systems: the case of the National Freshwater	Oral
Mr	Philip	du Plessis	GLS Consulting (Pty) Ltd	Advantages of water and sewer master plans for the Western Province	Poster
Ms	Anja	du Plessis	University of South Africa	Relationship of the Vaal Dam high water flow conditions and water quality from 1995-2010	Poster
Mrs	Kaajjal	Durgapersad	ESKOM : Sustainability & Innovation Dept	Wetland index - manual for the assessment of wetlands on Eskom properties in the Mpumalanga ecoregion	Poster
Ms	Ronél	Ferreira	University of Johannesburg, Dept of Biochem	A MALDI-TOF MS method for identifying <i>Vibrio cholerae</i> biotypes based on variation in the toxin-coregulated pilus	Poster
Ms	Linette	Ferreira	Rand Water : Water Technology Training	Investigation into the occurrence of aquatic invertebrates throughout the drinking water purification works	Oral
Mr	Elvis	Fosso-Kankeu	University of Johannesburg	Littoral clayey materials as niche of indigenous micro-organisms polluting river water around Mondoor,	Poster
Ms	Megan	Gemmell	University of KwaZulu-Natal: Dept Microbiology	Is the microbiological quality of the Msunduzi River (KwaZulu-Natal) sufficient for domestic consumption and	Poster
Mr	Ziboneni	Godongwana	University of the Western Cape: Dept of Chem	Synthesis and characterization of ordered mesoporous carbon and employment for adsorption of aqueous mercury	Poster
Mr	Tendayi	Gondo	University of Venda, Dept Urban & Reg Planning	Industrial waste management in Kombolcha Town, Ethiopia: realities and challenges for the water sector	Poster
Mr	Tendayi	Gondo	University of Venda, Dept Urban & Reg Planning	Management of green infrastructure in Ethiopia: a magic bullet for improved water quality?	Poster
Mr	Tendayi	Gondo	University of Venda, Dept Urban & Reg Planning	Urbanization and water resource management in urban Ethiopia: tracing the footsteps and gauging the footprints	Poster
Mr	Tendayi	Gondo	University of Venda, Dept Urban & Reg Planning	Water pollution on Lake Tana, Ethiopia: issues, concerns and prognosis	Poster
Mr	Jonathan	Hilligan	University of Cape Town: Urban Water Mngmt Group	Case study: the Barcelona settled sewerage pilot project	Poster
Ms	Nomsa	Hintsho	University of the Western Cape	Photocatalytic degradation of methylene blue on TiO <sub>2</sub> /CNT nanoparticles synthesized via CVD method	Poster
Mr	Kamika	Illunga	Tshwane University of Technology, Dept Env Water & Earth	Tolerance limits of some protozoan and bacteria species to vanadium in wastewater systems	Poster
Dr	Inga	Jacobs	CSIR	The complexity of building cities of the future: Johannesburg's water sector in transition and the learning capability in	Oral
Mr	Alexander	Jokisch	Darmstadt University of Technology	Subsurface water storage of Oshana flood water in the Cuvélai Etosha Basin of northern Namibia	Poster
Mr	Micheal	Jonga	Resource Centre Network Ghana	National learning alliance: a case of Ghana water and sanitation sector	Poster
Dr	Wilfred	Kadewa	University of Malawi, Nat Res Mngment	Impact of consumer products on treatment and reuse characteristics of grey water	Oral
Ms	Millicent	Kekana	University of Limpopo	The impact of water quality on the fish health at Flag Boshielo Dam, Olifants River system	Poster
Mr	Danie	Kotzé	GLS Consulting	Dynamic infrastructure master planning	Poster
Mr	Michael	Kubare	WR Nyabeze & Associates	A review of the institutional arrangements for water supply in South Africa	Poster
Mr	Michael	Kubare	WR Nyabeze & Associates	The Bulawayo water crisis: revisiting the Zambezi Water Transport Scheme	Poster
Mr	Nkateko	Kubayi	Trans-Caledon Tunnel Authority	Serving the poor : the case for full cost recovery for sustainable water services	Poster
Ms	Preethy	Kunjavi Devi	Anna University	Forecasting groundwater contamination and its impacts on livelihood at Perungudi	Poster
Mr	Wouter	le Roux	CSIR, NRE	The comparative genomic analysis of a South African <i>vibrio cholerae</i> strain	Poster
Mr	Ratunku	Lekalakala	Limpopo Department of Agriculture	Projections of water use productivity in the Limpopo catchment using performance indicators: preliminary	Poster
Mr	Kaluka Paul	Lobanga	University of Johannesburg, Dept of Civil Eng Sc	Removal of natural organic matter from different raw waters by ion exchange	Poster
Mr	Stuart	Lubbe	Pragma Africa	The importance of an asset management charter (policy, strategy and scorecard) in order to optimise asset	Poster
Mr	Magezi Kenneth	Mabaso	Department of Water Affairs	Assessment of grey water quality criteria for reuse on-site in Victoria State (Australia)	Poster
Ms	Bonelwa	Mabovu	University of the Western Cape, Environ & Nanosc Res Group	Brine treatment using natural adsorbents	Poster
Mr	Fortune	Mabunda	ERWAT : Special Projects	Development of a water risk abatement plan for Hartebeesfontein WWTW	Oral
Ms	Vimbayi Rosemary	Machivana	N/A	The impact of rural water supply and sanitation programmes in Chivi District, Zimbabwe	Poster
Ms	Orienda	Maebana	University of Johannesburg	EVA-fly ash composites for the removal of p-nitrophenol from water	Poster
Mr	Sihle	Magaga	Rand Water	Industrial wastewater treatment using natural zeolite	Oral
Dr	Manuel S	Magombeyi	University of the Witwatersrand, Sch of Civil & Environ Eng	Evaluation of municipal landfill impacts on surface and ground water quality in Bulawayo, Zimbabwe	Poster
Mr	Ashton	Maheery	CSIR	Identifying the promoting the establishment of national freshwater ecosystem priority areas	Oral
Mr	Stenly	Makwa	Johannesburg Water (Pty) Ltd	Assessment of <i>E. coli</i> in final wastewater effluent and its impact on the receiving rivers	Poster
Mr	Patrick	Malaka	University of Johannesburg: Water & Health Res Centre	The occurrence of Free Living Amoebae (FLA) and Amoeba Resistant Bacteria (ARB) in water storage tanks and	Oral
Mr	Oliver	Maletle	Golder Associates Africa	Implementation of an Integrated Water Quality Management (IWQM) model - a South African context	Oral
Ms	Soraya	Malinga	University of Johannesburg	Synthesis of cyclodextrin dendrimer nanocatalysts for water treatment	Poster
Mr	Mwinyi Selemani	Malisawa	University of Pretoria	Evaluating of water scarcity in the southern africa development community (SADC) by using climate moisture index	Oral
Ms	Mmaphefo	Maluleke	Department of Water Affairs	Analyses of the contribution of major cations and anions to long-term salinity changes in the Lower Orange, Great	Poster
Ms	Thandiswa	Mancoba	Walter Sisulu University	Community media as a tool in creating awareness about water related issues	Poster
Ms	Thabisa	Manxodidi	Emanti Management (Pty) Ltd	National eWQMS blue drop water services authority support and guidance	Poster
Mr	Tirivashé	Masere	Midlands State University	Urban women's water and sanitation woes and their perceived solutions	Poster
Mr	Lebohlang	Maseru	Water Commission	Fluoride mapping in drinking water in Lesotho	Poster
Mr	Sabelo	Mathenjwa	University of KwaZulu-Natal: Chem Eng	A counter current cascade system for communal clothes washing in informal settlements of eThekweni Municipality,	Poster
Ms	Mhumulani Innocentia	Mathivha	University of Venda	Estimating inflows into Vondo Dam using water balance and implications on water resources availability and	Poster
Mr	Mluleki	Matiwane	University of the Western Cape	Public participation as governance: the role of Catchment Forums in water governance	Poster
Ms	Mbali	Matiwane	Johannesburg Water (Pty) Ltd	Water loss programmes to reduce real losses in the city of Johannesburg	Poster
Mr	Ikenna	Mbakwe	University of Pretoria: Dept Plant Production	Nitrogen release from sewage sludge: effect of sludge type, soil temperature and water potential	Poster
Mr	Andre	Mbaya	University of Cape Town, Water Res Group	The impact of source separation of urine on biological nutrient removal activated sludge plants	Poster
Ms	Namhla	Mbona	South African National Biodiversity Institute	Automating wetland typing/ classification for wetland conservation planning	Oral
Mr	Nkosinathi	Mbongwa	Umgeni Water	The evaluation of biofiltration for the removal of iron and manganese from groundwater	Poster
Ms	Zinzi	Mboweni	Department of Water Affairs	The National Rivers Database for the South African River Health Programme	Poster
Ms	Zinzi	Mboweni	Department of Water Affairs	Microbial barrier system for the treatment of Cv(VI) contamination in groundwater	Poster
Mrs	Claudia	McKenzie	Jeffares & Green	Effective water conservation - demand management : a case study of the Gamtoos Irrigation Board	Poster
Mr	Morgan	McMillan	University of Stellenbosch/CSIR	Biological nitrification and denitrification of source separated urine in a sequencing batch reactor	Poster
Mr	Paul	Mensah	Rhodes University: IWR	Acetylcholinesterase activity in the freshwater shrimp <i>Caridina notica</i> as a biomarker of Roundup herbicide pollution	Poster
Mr	Wilberforce	Mfitindinda	Kyambugo University	Eutrophication of Lake Victoria : Linking the menace to reduction of protein content in fishes from Uganda	Poster
Ms	Unatha	Mgwetyana	University of Johannesburg	Carbon nanotubes (CNTs) as adsorbents for the removal of copper, nickel and zinc from wastewaters	Poster
Ms	Sumayya	Miela	University of Johannesburg	The occurrence of diarrhoeal pathogens in faecal samples collected with the bio-wipe kit and analysed using	Poster
Mr	Mlu	Mnguni	Wettech SA	Evaluation of microbial decomposition processes in a distillery effluent treatment pond	Poster
Mr	Nhlanhla	Mnisi	-	Water quality of the Lusshwana River, Swaziland, based on selected water quality indices	Poster
Mr	Nhlanhla	Mnisi	-	Water quality of the Lusshwana River, Swaziland, based on selected water quality indices	Poster
Mr	John	Moalshé	Rand Water : Water Technology Training	Disinfection control in Rand Water distribution network	Poster
Dr	Thebe	Mokone	University of Cape Town, Dept Chem Eng	Effect of particle surface characteristics on the efficiency of a metal sulphide precipitation process	Poster
Ms	Lesege	Molale	North West University	Bacteriological and physico-chemical quality of surface water and characterization of faecal Streptococci in the North	Poster

Title	First name	Surname	Org	Title	Acceptance
Ms	Prinola	Moodley	Rand Water : Water Technology Training	The business of catchment management: Rand Water's sustainable solution towards water resource protection and	Poster
Ms	Arlene	Moosamy	Durban University of Technology, Inst for Water & Wastewater	Microbial community analysis of a Submerged Membrane Bioreactor (SMBR) and a Conventional Activated Sludge	Poster
Mr	Neehal	Mooruth	University of Cape Town, CeBER	Application of biofilm technology to remove sulphide in acid rock drainage via a passive linear flow channel reactor	Oral
Mr	Machawe Mxolisi	Motsa	University of Johannesburg	Removal of 2, 4, 6-trichlorophenol and pentachlorophenol from aqueous media by surfactant-modified clinoptilolite-	Poster
Ms	Karis	Moxley	University of KwaZulu-Natal: Dept Microbiology	Aerobic utilization of phenol by a marine bacterium species isolated from Durban Harbour, South Africa	Oral
Mr	Simon	Mporoti	Rand Water : Water Technology Training	Assessing the water quality effects of the Waterval River on the Vaal Dam	Poster
Mr	Philani Percival	Msimango	Department of Water Affairs	Establishing an effective monitoring program for the defunct mines in Sandpruit catchment - NKZN	Oral
Mr	Alex	Msuku	Mphizi Consulting Engineers	Poor town planning, receipt for poor wastewater management - case of Llongwe City	Poster
Mrs	Nomcebo	Mthombeni	Tshwane University of Technology	Inactivation of Escherichia coli using resin beads coated with silver nanoparticles: batch and column studies	Poster
Mr	Petros	Muchesa	National Institute for Occupational Health	Isolation and identification of amoebae from a South African wastewater treatment plant	Poster
Ms	Norah	Muisa	Chinhoyi University of Technology	The impacts of sewage effluent on the physico-chemical quality of Chinyika River	Poster
Ms	Mulalo	Murugathoto	Umgeni Water	Challenges of operating Darvill Wastewater Treatment Plant and short-term measures to improve performance	Poster
Ms	Sharon	Murinda	Institute of Water & Sanitation Dev	Exploring the effectiveness of community health clubs for improving water, sanitation and hygiene conditions in rural	Poster
Mr	Douglas	Mushi	Sokoine University	Water safety knowledge and practices and their impact on microbial quality of in-house stored water in Morogoro	Poster
Ms	Odete	Muximpua	WSP	An in-depth look at water supply service from standpipes: the case of Maputo	Poster
Ms	Odete	Muximpua	WSP	Community-based sanitation monitoring and upgrading in Nhlamankulo District, Maputo	Poster
Ms	Belladonah	Muzavazi	WATENN Consulting	An assessment of the quality of water supplies in Hatcliffe Extension in the context of the cholera outbreak in	Poster
Ms	Jocelyne	Mwabi	Tshwane Univ of Technology: Water Care Unit	Biological sand filters as potential cost efficient water filters for rural communities of southern Africa	Poster
Dr	Jean-Marc	Mwenge Kahinda	CSIR	Modelling the catchment scale hydrological impact of RWH in South Africa: a review	Oral
Ms	Katayi	Mwila	Rhodes University, Dept of Biochem, Microbiol & Biotechn	Acetylcholinesterase for the rapid detection of organophosphate and carbamate pesticides	Poster
Mr	Clinton	Naicker	Anglo American Thermal Coal	Short term solution in mine water management	Poster
Mr	Moses	Nape	University of the Free State: Dept Soil, Crop & Climate Sc	Analyses of simulated maize yields under different seasonal rainfall scenarios in the Modder River Catchment	Poster
Mr	Dershhan	Narainsamy	eThekweni Water & Sanitation	The evaluation of decision variables for the rehabilitation of water mains in Durban, South Africa	Oral
Mr	Ezrah	Natamanya	Makerere University, Inst of Environment	Assessment of rural water supply and accessibility in Padibe West, Lamwo District - water supply in post LRA war	Poster
Mr	Ezrah	Natamanya	Makerere University, Inst of Environment	Assessment of variations in water quality along River Mpanga within Fort Portal Municipality, Uganda	Poster
Mr	Phendukani	Ncube	University of Johannesburg, Dept Chem Techn	Selective recognition of Hg <sup>2+</sup> and Cu <sup>2+</sup> ions in water by a fluorescent naphthyl-azo modified didendro-18-crown-6-	Poster
Ms	Thabile	Ndlovu	University of Johannesburg	Electrochemical removal of lead and cadmium in water using re-compressed exfoliated graphite electrodes	Poster
Mr	Mduzuzi	Ngokwa	Umgeni Water	Assessment, troubleshooting and refurbishment: a case study of a 1Ml/day water treatment works in the Eastern	Poster
Mr	Silver	Ngwenya	Johannesburg Water (Pty) Ltd	Key features in commissioning and operation of a 4-stage biological nutrient removal process plant (Northern	Oral
Ms	Patience	Nhari	UNESCO-IHE Institute for Water Education	Wetlands management in practise: towards sustainable management with lessons across three continents	Oral
Ms	Shanna	Nienaber	CSIR	The role of the Southern African Development Community in the promotion of hydrosolidarity at regional and basin	Oral
Mr	Thabo I	Nkambule	University of Johannesburg, Dept Chem Techn	Natural Organic Matter (NOM) in South African waters: characterization and method development for effective NOM	Poster
Mr	Msimbithi	Nitoko	University of the Western Cape/Univ of Waterloo	Institutional change for effective water governance in post-Apartheid South Africa	Poster
Ms	Dumile	Nyembe	University of Johannesburg	Assessment of the effects of selected carbon-based nanomaterials on aquatic fauna using standard toxicity tests	Poster
Mr	Saheed	Oke	University of Ibadan : Geology Dept	Impact of chemical weathering on groundwater chemistry of Abeokuta area, southwestern Nigeria	Poster
Mr	Olawale	Olanrewaju	University of the Witwatersrand, Sch of Civil & Environ Eng	The costs and benefits of greywater reuse in a university academic and residential building	Poster
Mrs	Oluwatoyin	Olubambi	University of Johannesburg, Dept Zoology	Determination of exposure and effects using a suite of biomarkers in transplanted fish exposed to mining effluent in	Poster
Mr	Olubiyi	Olunkunle	Tshwane University of Technology	Determination of Brominated Flame Retardants (BFRs) in Jukskei River catchment area in Gauteng, South Africa	Poster
Mrs	Kousar Banu	Omar	University of Johannesburg	Single step 11 gene M-PCR in detecting diarrhoeagenic E.coli in clinical and various environmental water sources	Poster
Ms	Ednah	Onyari	University of South Africa, Civil & Chem Eng	Flood modelling using a multi layer perceptron neural network	Poster
Mr	Vusumzi	Pakade	University of the Witwatersrand	Removal of toxic heavy metals from wastewater using molecularly imprinted polymers	Poster
Mr	Jaime	Palalana	Universidade Eduardo Mondlane, Fac de Eng	Comparative analysis of open and sub-surface drainage solutions in Maxaquene "A" using SWMM	Oral
Dr	Daniela	Palazzini	University of Brescia: Faculty of Engg	Bone char-based filters for fluoride removal from drinking water in the rural community of Patar (Senegal)	Oral
Ms	Cassandra	Petticrew	University of KwaZulu Natal	An investigation into the use of fluorinated hydrating agents in the desalination of industrial wastewater	Poster
Mr	M	Phali	University of Johannesburg: School of Mining	Removal of Co <sup>2+</sup> from waste waters using cross-linked grapefruit resin: thermodynamic and kinetic studies	Oral
Mr	Sudhir	Pillay	University of KwaZulu-Natal, Sch of Chem Eng	DEWATS technology for ecological sanitation in South Africa	Oral
Mr	Sudhir	Pillay	University of KwaZulu-Natal, Sch of Chem Eng	The influence of membrane surface morphology of the fouling characteristics of gravity-driven membranes coupled	Poster
Dr	Dyllon	Randall	University of Cape Town, Dept Chem Eng	Treating a reverse osmosis brine using Eutectic Freeze Crystallization - approaching a zero waste process	Poster
Dr	Dyllon	Randall	University of Cape Town, Dept Chem Eng	Recovery of calcium sulphate from an aqueous waste stream by Eutectic Freeze Crystallization	Oral
Mr	Nicolas	Reynaud	Bremen Overseas R&D Association	Investigation on per capita wastewater production in developing countries	Poster
Mr	Nicolas	Reynaud	Bremen Overseas R&D Association	Key parameters for investigating anaerobic treatment systems in developing countries	Oral
Ms	Cherie Ann	Robertson	University of Johannesburg: Water & Health Res Centre	An independent investigation into the regulation and public perception of small-scale water purification units	Poster
Ms	Kate	Robey	Council for Geoscience	In-situ management of iron in groundwater for preventing production borehole clogging	Poster
Mr	Konrad	Rohrs	Nyeleti Consulting (Pty) Ltd	More than just a design..... (author has sent a PowerPoint with this abstract. Let me know if I should forward it to	Poster
Dr	Elisa	Roma	University of KwaZulu-Natal, Pollution Res Group	Development and testing of an improved system for communal clothes washing in informal settlements of eThekweni	Oral
Ms	Dalia	Saad	University of the Witwatersrand, Sch of Chem	Development and application of polymeric materials for heavy metal ions recovery from industrial and mining	Poster
Ms	Dimakatso	Sefatsa	AWARD	The Water Tribunal	Poster
Ms	Khoboso	Seutloali	University of KwaZulu-Natal, Geography Dept	The effects of unpaved access roads on runoff and associated water quality within forested catchments	Poster
Ms	Precious	Sibiya	University of the Witwatersrand, Sch of Chem	Optimization and application of Solid Phase Extraction (SPE) and Liquid Phase Micro-Extraction (LPME) for the	Poster
Mr	Raymond	Siebrits	University of Cape Town	Swimming pools and intra-city climates: influences on residential water consumption in Cape Town	Poster
Mr	Jean	Simonis	University of Zululand	Low cost method for producing ceramic water filters suitable for eliminating waterborne diseases	Poster
Ms	Lutendo Rhinah	Singo	University of Venda	Temporal characteristics of rainfall and their influence on river discharge: the case of Luvuvhu River Catchment	Poster
Mr	Pinimidzai	Sithole	University of the Western Cape	The vacuum of bureaucratic institutionalism: tracking the politico-administrative and social context and contests of	Poster
Mr	Andrew	Slaughter	Rhodes University, IWR	A simple model to separate point and diffuse nutrient signals in relation to flow within historical monitoring data	Oral
Mr	David	Smedley	Rhodes University	Rivers as borders, uniting or dividing? Implication for catchment management	Oral
Ms	Maronel	Steyn	CSIR	Economic burden of diarrhoea in the Clifants water management area of South Africa	Oral
Ms	Aimée	Sutherland	Emanit Management (Pty) Ltd	Using eMWAP a mobile water application, to support World Water Monitoring Day	Poster
Miss	Hulde	Swanepoel	CSIR	Complete sulphate removal from neutralised acid mine drainage with barium carbonate	Oral
Mr	Raymond	Swarts	City of Cape Town, Scientific Services Branch	An investigation into a treatment strategy for the Berg River water at the Voelvléi WTP	Oral
Ms	Lina	Taing	University of Cape Town: Urban Water Mngment Group	The municipal challenges of a vacuum sewerage pilot in a Cape Town informal settlement	Oral
Ms	Jane	Tanner	Rhodes University	Examining surface and ground water interactions in dolomitic basins using conceptual and modelling studies	Poster
Mr	Nikita	Tavengwa	University of the Witwatersrand, Sch of Chem	Preparation of magnetic nano-composite beads and their application in removal of uranium from mine wastewaters	Poster
Mr	Tebello	Thabane	University of KwaZulu Natal	Thirst in the land of plenty: The (non) realization of the right to water in Lesotho	Poster
Ms	Andri Come	van Aardt	University of the Free State, Dept Plant Sciences	Classification of the riparian communities along the Vet River, Free State province, South Africa	Poster
Mr	Nico	van Blerk	ERWAT : Lab Services	Rapid and specific detection of Salmonella enterica in water samples using real-time PCR and High Resolution Melt	Poster
Mr	Werner	van der Merwe	North West University Potchefstroom, Fac of Natural Sciences	Treatment of chromium waste materials with ozone	Oral
Ms	Nicolene	van der Walt	Rand Water : Water Technology Training	Investigation into the occurrence of the dinoflagellate, Ceratium hirundinella in source waters and the impact thereof	Oral
Mrs	Samantha	van Staden	University of Johannesburg, Dept Civil Eng Science	A practical course on filter assessment for water treatment plant operators	Poster
Mr	Johan	van Tol	University of the Free State	Pedotransfer functions to determine the water conducting macroporosity in South African soils	Poster
Ms	Chantel	van Vuuren	North West University	Tracking faecal pollution in environmental water by faecal sterol analysis	Poster
Mr	Yazeed	van Wyk	Council for Geoscience	A forced-gradient tracer test on the Hansrivier Dyke: Beaufort West, South Africa	Poster
Ms	Deidre	van Wyk	North West University	Diversity and characteristics of yeasts isolated from water sources in the North West Province, South Africa	Poster
Ms	Renay	van Wyk	Tshwane University of Technology	Latrine-sanitation in small-community rural households	Oral
Mr	Andries	van Zyl	University of Cape Town : Dept of Chem Eng	Biodegradation of thiocyanate and cyanide in mining waste water	Poster
